

The logo consists of the lowercase letters 'i' and 'W' in a bold, black, sans-serif font, centered within a white rectangular box. The background of the entire image is a collage of industrial machinery, with a prominent red and black color scheme.

iW

The logo features the word 'iWAREHOUSE' in a large, bold, white, sans-serif font. A registered trademark symbol (®) is located at the top right of the word. The text is set against a dark red background that is part of the overall industrial collage.

iWAREHOUSE®

INTEGRATED INTELLIGENCE

INTEGRATED INTELLIGENCE

iWAREHOUSE® technology is now fully integrated, accessible, controllable, and upgradeable through a unique, color touchscreen display located in the operator compartment of select Raymond forklift trucks.

The heart—and brain—of our smarter, forward-looking vehicle design, the 7" Multifunction Color Touchscreen Display lets you electronically turn on functions and capabilities when you need them. So upgrades can be made more quickly and easily, and your forklifts can constantly evolve with your business. Designed to be the most intuitive telematics solution on the market, iWAREHOUSE Evolution™ enhances the confidence, convenience, and comfort of operators.

TAILOR YOUR TELEMATICS AT THE TOUCH OF A SCREEN

Available on select Raymond® lift trucks, the Multifunction Color Touchscreen Display puts all the capabilities of the world's most flexible and scalable telematics platform at your fingertips.

From battery and impact monitoring to a full suite of enterprise-level fleet, labor, and warehouse management modules, every feature of iWAREHOUSE can be accessed and activated through the single operator display. But the technology doesn't stop there.

WARNING

Do not operate this truck unless you are trained and authorized to do so. Read all warnings and instructions in the operator's manual before operating the truck.

1. Check all operating systems and safety devices as noted in the Operator's Manual. Report any unsafe conditions immediately. Do not operate truck until corrected.
2. Keep all portions of the body inside the truck.

HIGHLIGHTS

- Full color, 7" screen
- Touchscreen functionality
- Intuitive, configurable tile-based user interface

MULTIPLE CAPABILITIES. SINGLE SCREEN.

Fully integrated with the Raymond lift truck's control systems, the Multifunction Color Touchscreen Display is more than just an information center for your telematics. The display also shows all truck dashboard data (from speed to battery state of charge) and optional technologies (including Height-Tilt Indicator and Vantage Point® Camera) for quick, easy interface and enhanced productivity.

By eliminating the need for multiple displays within the operator compartment, the Multifunction Color Touchscreen Display improves sightlines for more confident, secure, efficient operation.

CHOOSE THE FUNCTIONALITY THAT IS RIGHT FOR YOUR BUSINESS

With three levels of iWAREHOUSE functionality available through the Multifunction Color Touchscreen Display, you can easily select the ideal solution for your specific needs and operation.

The entry-level option—only available on select trucks featuring the 7" operator display—offers the perfect starter package for first-time telematics users, giving businesses the basic tools they need for access control, and to manage and monitor operator, and vehicle utilization for enhanced efficiency and productivity.

As your business needs change, this scalable platform evolves with you, so you can continuously improve efficiency and productivity while identifying opportunities to reduce costs.

RUN BETTER. MANAGE SMARTER.®

At Raymond, our aim is to deliver the utmost quality and to work for continuous improvement every day, in every aspect of our business. We are proud of what we build. We are proud of the level of service we provide to keep our customers' business up and running. We take pride in our commitment to our customers through our end-to-end approach in helping them find smarter, more efficient, and more effective solutions.

We value the trust that Raymond has earned through decades of proven performance and hands-on innovation. Since the patenting of the first hand pallet truck to the invention of the reach truck to our pioneering work in narrow aisle operations and beyond, Raymond has led the way in providing customers with the tools and expertise to improve their business.

IF YOU'RE LOOKING FOR A PARTNER WITH THE TOOLS AND EXPERIENCE TO HELP YOU RUN BETTER AND MANAGE SMARTER, LET'S TALK.
